

KREEDA NATION

Where Teams Compete, Connect & Grow

/ **Organiser**

ORGANISER GUIDE

Run tournaments end-to-end — approval to podium.

Independent tournaments, powered.

Kreeda Nation lets you list independent tournaments to the whole player community, generate fixtures, invite scorers, and publish live scoring. Everything under one dashboard.

/ 1 • Get started

Signup + approval

1. Sign up at **/signup-organiser** — pick *Organiser* as your org type
2. Confirm email · sign in at **/login**
3. Create your first event under **Admin** → **Events** → **New Event**
4. Read + acknowledge the Kreeda Nation event guidelines (shown in a modal)
5. Event is submitted with status **Pending Approval**
6. Platform admin reviews within 24h · you're emailed when approved / rejected with reason

■ **Tip.** Rejected? Fix the issue admin flagged and click **Resubmit** — the same modal reopens.

/ 2 • Fixtures & scorers

Bracket generation

- On any approved event, open the **Fixtures** tab
- Choose format: **Round-Robin** (all-play-all) or **Knockout** (single elimination)
- Click **Generate fixtures** — the system builds the bracket, seedings and match slots
- Add scorers via **Scorers** tab — invite by email, assign specific fixtures (or all)

Live scoring

Once a match is live, scorers use their dedicated console at **/scorer/dashboard**. Ball-by-ball / point-by-point updates flow to the public **/live/{fixture_id}** page in real time.

/ 3 • Corporate Services

Also submit RFQs

Organisers get the same Corporate Services module as HR — browse packages, submit RFQs, receive quotations. Ideal for organisers who bundle their tournaments with hospitality, photography, DJ, and other services from Kreeda Nation's catalogue.

/ 4 • Standings & sponsors

Wrap-up

- Standings auto-update as matches complete — visit **/standings?event_id=...**
- Sponsor slots (Title/Gold/Silver/Bronze) can be sold via the Sponsorship marketplace
- Player profiles are auto-linked to your event — visible on **/players/profiles**
