

KREEDA NATION

Where Teams Compete, Connect & Grow

/ Player

PLAYER GUIDE

Your sports profile, portable across every event.

One profile, every tournament.

Kreeda Nation gives every player a **Universal Profile** — one sports resume that follows you from company inter-team tournaments to weekend leagues to national events. Career stats, batting/bowling averages, tournaments played — all in one place.

/ 1 • Sign up

Create your profile

1. Sign up at **/players/signup**
2. Mobile number is your login ID — verify via OTP
3. Optionally add your **corporate email** to link to your company's HR dashboard (auto-verified once you click the email link)
4. Login at **/players/login** — or from **/login** with email + password

■ **Tip.** Multiple companies over your career? Add each corporate email — each one is verified independently so HR can find you.

/ 2 • Book a venue

Play more, book less

- Open **/hire** — the vendor marketplace
- Filter by city + sport
- Pick a listing → choose slot → pay online (Razorpay) or offline (vendor confirms)
- See all your bookings under **My Bookings**

/ 3 • Live matches

Follow the action

Every event has a public standings page and every live fixture has a scoreboard at **/live/{fixture_id}**. If your team is playing, the score updates in real time as the scorer clicks.

/ 4 • Player directory

Discoverability

Once your profile is set up, players + HRs + organisers can find you on the searchable directory at **/players/profiles**. Your public profile lives at **/p/{your-slug}** — share it in your bio, cricket group, LinkedIn, wherever.

/ 5 • Memberships

Regular at a venue?

Some vendors sell monthly/yearly memberships (discounted access + priority slots). Buy them during a booking or under **My Memberships**.
