

Kreeda Nation

Discover sponsorship-ready tournaments, apply to slots in one click, get your brand on every public surface.

Where Teams Compete, Connect & Grow

1. Welcome, sponsor

Kreeda Nation gives your brand direct access to engaged corporate-sports audiences — across cricket, football, badminton, hackathons and family-day events run by India's top employers and independent organisers.

You discover events	Filter by sport, location, budget, audience size — surface only events that match your
You express interest	One-click 'I'm interested' on any sponsorship slot. Organisers review your profile + pro
You sponsor	When the organiser accepts, your brand is locked in. Your name appears as the officia
No fees, no bidding	Kreeda Nation runs the marketplace for free. Payment terms are between you and the

2. HOW TO — task recipes

Quick recipes for the tasks you'll do every week. Each recipe lists the exact steps — from which page to open, to which button to click. Bookmark this section and share it with your team.

How to browse sponsorship opportunities

- 1 Open **/sponsorships** — no login needed to browse.
- 2 Filter by sport, city, budget, tier. Tap any card to see the full offer, deliverables and expected audience.
- 3 Click **Express interest**. The organiser gets notified and follows up in your inbox at **/dashboard**.

How to complete your brand profile

- 1 Open **/dashboard** → **Brand profile**.
- 2 Upload logo, add a description, brochure link, industry, primary market.
- 3 This info is what organisers see when they receive your interest — a complete profile converts far better.

1a. What's new — leverage these features

The platform ships new capabilities every few weeks. Here's the short-list you should be actively using right now.

Sponsorship marketplace — what's new

- **Two-way marketplace** — organisers publish sponsorship tiers on their events; you browse at **/sponsorships** and click **Express interest**. The organiser sees your interest immediately and can accept, reject, or reach out.
- **My activity page** — track every interest you've sent (and their status) from your dashboard. Sponsors who are also company_admins see BOTH sent and received under one panel.
- **Auto-onboarded profile** — the first time you express interest, a lightweight sponsor profile is created for you. You can enrich it later with your logo, website and preferred tiers.

2. Create your sponsor account

- 1 Open **/sponsor/signup** (the **“Become a sponsor”** link in the footer goes here directly).
- 2 Fill in company name, contact person, work email and a password (min 6 chars).
- 3 Click **Create sponsor account** — you're signed in and dropped straight on **/sponsors/me**.

Already running a company on Kreeda Nation? You don't need a second account — open the Sponsor hub link in your top nav and we auto-create a sponsor profile mirrored to your company. You can sponsor events from the same login.

3. Complete your sponsor profile

Filling this out is the single best thing you can do for acceptance rates — organisers see every field on every interest you submit.

Company name + contact person	Used on the interest queue and the public 'Sponsored by ABC Realty' badge.
Industry	Pre-filters opportunities the organiser thinks fit your brand.
Location + Target locations	Helps organisers gauge geographic alignment with their venue / audience.
Budget range	Free-text like '■10,000 – ■5,00,000'. Organisers use this to triage applications.
Sponsor interests	Multi-select chips — Cricket, Football, Corporate Sports, Family Day, Sports Day, etc.
Target event types	Single-company, inter-company, family-day, sports-day — broadens or narrows brows
Website + Logo	Logo appears next to your name once an opportunity is awarded; website is one click

Without a logo or website, your interest still works — but acceptance rates drop sharply. Spend 5 minutes filling these in.

4. Browse the marketplace

Open **/sponsorships** from the top nav. Anonymous users can browse but cannot apply — sign in or sign up to express interest.

Filters available

Sport	Cricket, Football, Badminton, etc. — same list as the events page.
Location	Case-insensitive match against event venue + sponsorship venue_location.

Event type	single_company / inter_company / playsphere_organized.
Budget	Five buckets from ≤ ■10,000 to ≤ ■5,00,000. Shows events that have AT LEAST one
Min reach	Filter by the expected_reach the organiser entered.

Each event card shows the min price across its slots, how many slots are open vs taken, expected reach & livestream views. Use this to shortlist before clicking through.

5. Express interest

- 1 Click into any event card → **Sponsorship** tab.
- 2 Each slot card shows the current status: **AVAILABLE** · **N slots** or **SOLD** with the winning sponsor name.
- 3 Click **I'm interested** on the slot you want. A short dialog opens.
- 4 Optionally write a **proposal message** — explain why this slot matches your brand goals. Organisers tell us this dramatically improves acceptance.
- 5 Click **Send interest**. The button on that slot flips to **Interest sent** · **pending**.

You can only submit ONE pending interest per slot per sponsor account — duplicate clicks are blocked with a clear error message. If you change your mind, contact the organiser directly.

6. What happens next

Organiser sees your interest	It lands at the top of their Sponsorship tab as a card showing your company, industry,
Organiser accepts	The opportunity is awarded to you — its status flips to SOLD if it was the last slot, and
Organiser rejects	Your interest moves to the 'Decided' section of their queue. You can apply for other slots
Slot fills via someone else	If all slots for that opportunity sell out before your interest is decided, your application is

Right now we surface decisions in-app. Email notifications are on the roadmap — check /sponsors/me (your hub) for updates until they ship.

7. Best practices

- **Lead with the smallest slot first.** Boundary branding (qty 5+, lowest price) lets you test the audience before committing to Title-level spend.
- **Specific proposal beats generic one.** Mention the venue, the expected audience, and ONE concrete thing your brand will activate on-ground.
- **Refresh your interests list** via the **Sponsor hub** page weekly to see decisions.
- **Keep your sponsor interests up-to-date** — organisers can soon filter their reach-out list by your chip selection.

8. Where to find this guide

Once signed in as a sponsor, this manual is one click away from your **top navigation** as **Sponsor guide**. The footer always carries the **Become a sponsor** link for new users.

9. What's new — chip-input locations & brand visibility

Target locations are now chip-based

Open **/sponsors/me** → **Target locations**. Type a city and press **Enter** or **,** to add it as a chip. Click **×** on any chip to remove. Backspace on an empty input removes the last chip. Duplicates are auto-blocked. Replaces the comma-string field which silently dropped trailing characters.

Awarded sponsors visible in the event's Sponsors tab

When an organiser accepts your interest, your brand now also appears in the event's main **Sponsors** tab — not just under Sponsorship. Visitors can flip a filter to view **All / Direct / Via marketplace**, so brands like yours that came in through the marketplace get explicit credit on the public surface.

Make sure your logo is uploaded and your website is set on your sponsor profile. The Sponsors tab pulls both onto the public card the moment your interest is accepted.

10. What's new — smarter discovery & native app

Sport & location filters on event creation

Organisers now pick venues filtered by sport with a free-text location search — your sponsored events surface in front of the right local audience, not random pitches. Translation for sponsors: when you filter **/sponsorships** by city + sport, the results are tighter and more relevant.

Public scorecards for every sport

Football, Badminton, Tennis and other non-cricket fixtures now have polished public scorecards at **/live/<fixture_id>**. If you're sponsoring a non-cricket event, the live link you share with your audience looks just as professional as the cricket one.

Native Android & iOS apps in build

Our public Mobile API spec is live at **/docs/MOBILE_API.md**. Sponsors will be able to monitor active opportunities, accept invitations and view event analytics from the mobile app once it ships. Stay tuned via your sponsor hub.

*Need help? Email hello@kreedanation.io — we usually reply within one business day. Forgot your password? Visit **/forgot-password** (works for HR, vendors and admins) or **/players/forgot-password** for player accounts. Tip: once you sign in, this guide is one click away from the **top navigation bar** — no need to dig through the footer.*
